- (2) Before commencing any such alteration, the Agency shall cause a plan of it to be prepared and to be submitted to the local authority having the control of the work proposed to be altered, or to the owner of the water supply pipe or gas supply pipe, power supply, or link, or other work, as the case may be.
- (3) If the local authority or owner objects to the proposed alteration, the Agency shall appoint a competent person to confer with the local authority or owner, and, if possible, to agree with the local authority or the owner as to the manner in which the alteration shall be made; and if no agreement can be reached between the parties, the matter shall be referred to the office of the District Court nearest to the work in question, and the decision of the court thereon shall be final.
