4A Overview of child support payable under formula assessment

- (1) A parent or non-parent carer of a qualifying child may apply to the Commissioner for a formula assessment of child support payable for that child.
- (2) The Commissioner will then determine the proportion of care that each carer of the child provides, and the income of each parent of the child, and, using that information, will identify the parent or parents who are liable to pay child support, and the carer or carers who are entitled to receive child support, in respect of the child.
- (3) A person will be a liable parent in respect of a child if his or her income percentage (which is a percentage of the combined child support income amounts of both the child's parents) is greater than the person's care cost percentage (which is a cost percentage directly related to the proportion of care that the parent provides to the child).
- (4) If annual child support is payable by a liable parent for a qualifying child, the amount is determined under Part 2. It is worked out by deducting the liable parent's care cost percentage from their income percentage, and then multiplying the result by the appropriate amount set out in the relevant child expenditure table (which identifies, amongst other things, the average annual expenditure on children in New Zealand, by reference to average weekly earnings).
- (5) This section is by way of explanation only. If it is inconsistent with any other provision of this Act, the other provision prevails.

- (1) On receiving a properly completed application for a formula assessment in respect of 1 or more qualifying children, the Commissioner must notify the applicant, and every parent and carer identified in the application, that the Commissioner has received an application for a formula assessment and will therefore ascertain—

- (a) who the liable parent or parents, and who the receiving carer or carers, of the qualifying child are; and
- (b) the annual amount of child support payable by any liable parent in respect of each qualifying child identified in the application; and

 - (3) If the Commissioner has already ascertained some or all of the matters listed in subsection (1), the notice under this section may include that information.
 - (4) The Commissioner's duty to ascertain the matters listed in subsection (1) is subject to section 13A.

- (2) This subsection applies if the applicant is living with a parent of the child in a marriage, civil union, or de facto relationship.
- (3) However, subsection (2) does not apply if—
 - (a) the applicant is a parent of the child; and
 - (b) the child has—
 - (i) a parent with whom the applicant is not living in a marriage, civil union, or de facto relationship; or
 - (ii) a non-parent carer with whom the applicant is not living in a marriage, civil union, or de facto relationship and who the Commissioner determines is a receiving carer.
- (4) This subsection applies if the applicant is a non-parent carer of the child who the Commissioner determines is not a receiving carer.
- (5) If the Commissioner refuses to make a formula assessment under this section, the Commissioner must notify the applicant of the refusal (and withdraw any notices given under section 13).

14 Commissioner to establish proportions of care

- (1) The Commissioner must establish, for each qualifying child to whom a properly completed application relates, the proportion of ongoing daily care that each parent and non-parent carer identified in the application, or in other information provided following a request under section 13(2), provides to the child.
- (2) If 2 or more people who live together each provide ongoing daily care to a child,—
 - (a) only 1 of those people may be treated as a carer, and the care provided by the other persons must be treated as part of the care provided by the first person; and
 - (b) if 1 of the people is a parent of the child, that person must be treated as the carer.
- (3) The parents of a qualifying child in respect of whom payments are being made under section 363 of the Oranga Tamariki Act 1989 are deemed to provide no ongoing daily care to the child.

Section 14: replaced, on 1 April 2015, by section 10 of the Child Support Amendment Act 2013 (2013 No 12).

Section 14(3): amended, on 14 July 2017, by section 149 of the Children, Young Persons, and Their Families (Oranga Tamariki) Legislation Act 2017 (2017 No 31).

15 How Commissioner establishes proportions of care

- (1) For the purpose of section 14, the Commissioner must (subject to subsection (3)) rely on the content of any care order or agreement relating to a qualifying child when establishing the proportion of ongoing daily care that a carer provides to the child.
- (2) If a care order or agreement specifies the proportion of nights that a child is to spend with a carer, that proportion of nights is taken to be the proportion of ongoing daily care provided to the child by that carer.
- (3) A parent or carer of a qualifying child may challenge the application of subsection (1) or (2) by providing evidence of—
 - (a) why a care order or agreement should not be relied on; or
 - (b) why the proportion of nights that a child spends with a carer should not be taken to be the proportion of ongoing daily care provided to that child by that carer.
- (4) If there is no care order or agreement relating to the child, or if the Commissioner is satisfied, on the basis of evidence provided, that a care order or agreement does not accurately reflect the proportion of ongoing daily care

provided by a carer to a child, the Commissioner must establish the proportion of care provided by a carer primarily on the basis of the number of nights that the child spends with the carer.

- (5) If the Commissioner is satisfied, on the basis of evidence provided, that the number of nights spent with a carer is not a true reflection of the proportion of care actually provided by a carer to the child, the Commissioner must establish the proportion of care provided on the basis of the amount of time that the carer is the person responsible for the daily care of the child.
- (6) When establishing proportions of care, the Commissioner—
 - (a) must use only whole percentage figures and, for that purpose, must round figures over 50% upwards to the next whole percentage figure, and figures under 50% downwards to the next whole percentage figure; and
 - (b) must assume that every year has 365 days.

Section 15: replaced, on 1 April 2015, by section 10 of the Child Support Amendment Act 2013 (2013 No 12).

16 Determining care cost percentages

- (1) The Commissioner must determine the care cost percentage of each parent and carer of a qualifying child on the basis of the proportion of care that the Commissioner has established, under section 14, that each carer provides to the child.
- (2) The care cost percentage that applies is the relevant percentage set out in, or determined in accordance with, column 2 of the table in Schedule 2.

Section 16: replaced, on 1 April 2015, by section 10 of the Child Support Amendment Act 2013 (2013 No 12).

Liable parents and receiving carers

Heading: inserted, on 1 April 2015, by section 10 of the Child Support Amendment Act 2013 (2013 No 12).

17 Determining who are liable parents and receiving carers

- (1) The Commissioner must determine the liable parents and receiving carers of each qualifying child, in accordance with this section.
- (2) A parent of a qualifying child is a liable parent of that child if the parent's income percentage (as determined under section 33) is greater than or equal to their care cost percentage for that child (as determined under section 16).
- (3) A parent of a qualifying child is a receiving carer of the child if the parent's income percentage is less than their care cost percentage for the child.
- (3A) Despite subsections (2) and (3), a parent whose income percentage is 100% and whose care cost percentage is also 100% is a receiving carer.

- (4) A non-parent carer of a qualifying child is a receiving carer of the child if the carer provides at least 35% of ongoing daily care to the child.

Section 17: replaced, on 1 April 2015, by section 10 of the Child Support Amendment Act 2013 (2013 No 12).

- (2) A person who the Commissioner determines is a receiving carer of a child is a person in relation to whom child support payments in respect of the child are payable, unless no child support is payable in accordance with section 36A(3) or 36C(4).

Section 18: replaced, on 1 April 2015, by section 10 of the Child Support Amendment Act 2013 (2013 No 12).

- (1) The liability of a liable parent to pay child support under a formula assessment starts—
- (a) from the day on which the properly completed application for that formula assessment is received by the Commissioner; or
- (b) if a reassessment results in a person being identified as a liable parent, from the date specified in the reassessment as the effective date.
- (2) If a parent becomes liable to pay child support to a person in relation to a child under a formula assessment, any existing liability of that parent to pay child support to the person in relation to that child under any voluntary agreement is suspended between the commencement of liability to pay under the formula assessment and the end of that liability.
- (3) Subsection (4) applies if the Commissioner receives an application for a formula assessment that names a person as a parent of a qualifying child (**person P**), but person P is not at that time a parent of the child within the meaning of section 7, if all of the following conditions are met:
- (a) a New Zealand court, or a court or public authority of any overseas jurisdiction, later finds person P to be a parent of the child:

- (b) the Commissioner determines under this Part that person P is a liable parent of the child:
 - (c) the application is otherwise properly completed.
- (4) Liability by person P to pay child support under a formula assessment in respect of the child starts—

 - (ii) the Commissioner receives the order no later than 60 days after the order is made; or
 - (b) on the day on which the application is received by the Commissioner, if the Commissioner is satisfied that the time limits in paragraph (a) were not met because there was a reasonable cause; or
 - (c) on the day on which the Commissioner receives the order, in any other case.
- (5) Subsection (6) applies if the Commissioner receives an application for a formula assessment that names a person as a parent of a qualifying child (**person P**), but person P is not at that time a parent of the child within the meaning of section 7, if all of the following conditions are met:
 - (a) person P later, in any proceeding before any court in New Zealand, or before any court or public authority in an overseas jurisdiction, acknowledges that they are a parent of the child and a court has not made a finding of paternity of the child that is to the contrary of that acknowledgment:
 - (b) the Commissioner determines under this Part that person P is a liable parent of the child:
 - (c) the application is otherwise properly completed.
- (6) Liability by person P to pay child support under a formula assessment in respect of the child starts—
 - (a) on the day on which the application is received by the Commissioner if—

 - (ii) the Commissioner receives the acknowledgment no later than 60 days after it is made; or
 - (b) on the day on which the application is received by the Commissioner, if the Commissioner is satisfied that the time limits in paragraph (a) were not met because there was a reasonable cause; or

- (c) on the day on which the Commissioner receives the acknowledgment, in any other case.
- (7) For the purposes of this section, **reasonable cause** means an event or circumstance in relation to an applicant that—
 - (a) is beyond the control of the applicant, including a serious illness, an accident, or a disaster; and

Election to end formula assessment

27 Election by receiving carer to end formula assessment

- (1) Where a formula assessment applies in respect of a qualifying child (**child C**), a person may by notice to the Commissioner elect to end the formula assessment as it applies in respect of child C.
- (2) If a person (**person P**) does so, the Commissioner must accept the election if satisfied that the election qualifies for acceptance (and may refuse to accept the election if not so satisfied) (*see* section 25(4) and (5) for the effect of the Commissioner's acceptance of the election).
- (3) The election qualifies for acceptance if—
 - (a) person P is a recognised carer of child C by virtue of subsection (6)(a);
and
 - (b) every other recognised carer of child C (if any) agrees to the election.
- (4) However, the election does not qualify for acceptance if a recognised carer of child C is, or is expected to be, on the day referred to in section 25(5)(a) or (b), a UCB beneficiary in respect of child C.
- (5) In determining whether to accept the election, the Commissioner—
 - (a) may act on the basis of any information accompanying the notice of election and any other information in the Commissioner's possession;
and
 - (b) is not required to conduct any enquiries or investigations into the matter.
- (6) For the purposes of this section, a **recognised carer of child C** is a person who is either of the following at the time the Commissioner receives the notice of election:
 - (a) a receiving carer of child C under the formula assessment;
 - (b) a parent of child C who is not a receiving carer of child C under the formula assessment but who provides at least 28% of ongoing daily care to child C.

- (7) The Commissioner's acceptance of the election is final, unless overturned in accordance with subsection (8) or (9).
- (8) The acceptance may be overturned, wholly on the basis of information in the Commissioner's possession at the time of the acceptance,—
 - (a) under Part 6, on an objection to the acceptance made under section 90(1)(bb); or
 - (b) under Part 7, on an appeal against the Commissioner's disallowance of an objection to the acceptance made under section 90(1)(bb).
- (9) The Commissioner may overturn the acceptance if a person whom the Commissioner regarded as being a recognised carer of child C when accepting the election is a UCB beneficiary in respect of child C on the day referred to in section 25(5)(a) or (b) (as the case may be).
- (10) Without affecting the acceptance, subsequent changes may be made to the receiving carers or liable parents, or to their entitlements or liabilities, under the formula assessment in respect of times before the day referred to in section 25(5)(a) or (b) (as the case may be) (and the acceptance does not prevent a person applying for a new formula assessment in respect of child C).
- (11) A notice of election must be given using an approved form or given in another way approved by the Commissioner.

- (2) This Part is subject to any determination made by the Commissioner under Part 5A, or 6A, or 6B and to any order made by the court under Part 7.
- (3) If no application for formula assessment of child support is made, or required to be made, or deemed to be made, under this Act, this Part shall not apply.

29 Commissioner to assess child support payable under formula assessment

- (1) As soon as practicable after identifying a liable parent under Part 1, the Commissioner must—
 - (a) assess the annual amount of child support payable by the liable parent in that child support year in respect of each of his or her qualifying children; and
 - (b) assess the annual rate of child support payable by the liable parent in that child support year in respect of all of his or her qualifying children; and
 - (c) where the application for a formula assessment was made in the previous child support year, make such assessments in relation to the previous child support year.
- (2) Before, or as soon as practicable after, the start of each later child support year in which child support continues, or appears likely to continue, to be payable in respect of any qualifying child of the parent, the Commissioner must make the assessments referred to in subsection (1)(a) and (b) in relation to that later child support year.
- (3) Every assessment must be done in accordance with this Part and Part 5.

Section 29: replaced, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

30 Formula for assessing annual amount of child support

- (1) The formula for assessing the annual amount of child support payable under a formula assessment by a liable parent in a child support year in respect of a qualifying child is the parent's income percentage minus the parent's care cost percentage, multiplied by the child expenditure amount for the child. This formula can be expressed as—

$$(i\% - c\%) \times p$$

where—

$i\%$ is the liable parent's income percentage determined under section 33

$c\%$ is the liable parent's care cost percentage determined under section 16

p is the child expenditure amount for a qualifying child.

- (2) The **child expenditure amount** for a qualifying child in a child support year is—

$$e \div n$$

where—

- e is the amount, determined in accordance with the child expenditure table applying to that child support year, that applies to the parent in respect of the child on the basis of—
- (a) the combined child support income amounts of both parents of the child; and
 - (b) the number of children in the child’s child support group; and
 - (c) the age group of those children
- n is the number of children in the same child support group as the child.
- (3) However, if no child expenditure table applies because at least 1 child is aged 0 to 12 and 1 or 2 children are aged 13 or over, e is the amount, determined in accordance with the child expenditure table that would apply to the parent in respect of the child if all of the children in the child support group were the same age as the qualifying child, on the basis of—
- (a) the combined child support income amounts of both parents of the child; and
 - (b) the number of children in the child’s child support group.
- (4) However, the Commissioner may make modifications to the child expenditure amount for the child that the Commissioner considers necessary or desirable if the Commissioner believes on reasonable grounds that—
- (a) there are exceptional circumstances (for example, exceptional complexity of care arrangements for children within a particular child support group); and
 - (b) applying the provisions of this section without modification would result in an unjust or inequitable outcome (for example, an apportionment of costs that is disproportionate to the amount of expenditure attributable to the child).

Section 30(3): inserted, on 1 April 2022, by section 8 of the Child Support Amendment Act 2021 (2021 No 6).

Section 30(4): inserted, on 1 April 2022, by section 8 of the Child Support Amendment Act 2021 (2021 No 6).

31 Annual amount of child support payable by liable parent

- (1) The annual amount of child support payable under a formula assessment by a liable parent in respect of a qualifying child is nil, and section 32 does not apply, if—
- (a) the liable parent provides more than 65% of ongoing daily care to the child; or

- (b) the liable parent provides at least 28% of ongoing daily care to the child and the liable parent's income percentage is equal to their care cost percentage; or
 - (c) no receiving carer provides at least 35% of ongoing daily care to the child.
- (2) Where subsection (1) does not apply, the annual amount of child support payable under a formula assessment by a liable parent in a child support year in respect of a qualifying child is as follows:
- (a) the amount determined in accordance with the formula set out in section 30(1), unless paragraph (b) or (c) applies:
 - (b) for a liable parent to whom section 36 applies but section 36A does not,—
 - (i) the amount determined in accordance with the formula set out in section 30(1); or
 - (ii) the amount determined under the multi-group cap (referred to in subsection (3)) applying to the child, but only if it is less than the amount referred to in subparagraph (i):
 - (c) for a parent to whom section 36A applies (whether or not section 36 also applies),—
 - (i) the amount determined in accordance with the formula set out in section 30(1); or
 - (ii) if the multi-group cap applies, the amount determined under the multi-group cap applying to the child, but only if it is less than the amount referred to in subparagraph (i); or
 - (iii) the amount payable in respect of a receiving carer under section 36A, but only if it is less than each of the amounts referred to in subparagraph (i) or (ii).
- (3) The **multi-group cap** for a child is the amount determined as follows:
- $$(100\% - c\%) \times m$$
- where—
- c% is the parent's care cost percentage in relation to the child
- m is the multi-group cost of the child, as determined under section 36(4).
- (4) The purpose of the multi-group cap is to avoid liable parents paying more in child support than they would pay if all the children for whom they are liable to pay child support were living together.

[Repealed]

32 Minimum annual rate of child support

If, after assessing the annual amount of child support payable under a formula assessment by a liable parent in respect of each of his or her qualifying children, the Commissioner determines that the total amount payable by the parent is less than the minimum annual rate referred to in section 72(1)(a), the Commissioner must, despite sections 30 and 31(2),—

- (a) assess the parent's annual rate of child support as the minimum annual rate referred to in section 72(1)(a); and
- (b) determine the proportion of that minimum annual rate of child support that is payable in respect of each receiving carer, on the basis of the number of the liable parent's qualifying children in respect of whom a formula assessment applies that each receiving carer provides care for.

Determining income percentages

Heading: inserted, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

33 Income percentage

A parent's **income percentage**, in relation to a qualifying child, is the percentage figure derived by dividing the person's child support income amount (as determined under section 34) by the sum of the child support income amounts, in relation to that child, of all the parents of the child.

Section 33: replaced, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

34 Child support income amount

- (1) A parent's **child support income amount** for a child support year in relation to a child is the person's adjusted income (determined under section 35) for the child support year minus each of the following:
 - (a) the person's living allowance (as determined under section 35A) for the child support year;
 - (b) the sum of any dependent child allowances to which the person is entitled under section 35B for the child support year;

- (c) any multi-group allowance that relates to the child and to which the person is entitled under section 36 for the child support year.
- (2) If the result of the calculation in subsection (1) is zero or less, the parent's child support income amount must be treated as being nil.
- (3) If the adjusted income of a parent of a qualifying child cannot reasonably be ascertained, or cannot be applied by the Commissioner, the parent's child support income amount is to be treated as being,—
 - (a) if there is 1 parent whose adjusted income is known, the same as that parent's child support income amount; and
 - (b) if there is more than 1 parent whose adjusted income is known, the average of those parents' child support income amounts.

 - (b) if paragraph (a) does not apply, the person's income derived in the tax year immediately preceding the most recent tax year, inflated by the inflation percentage for the child support year.
- (2) If a person's income for a tax year has not been assessed, the Commissioner must determine the person's income on the basis of the income and any other particulars known to the Commissioner.
- (3) This section is subject to—

 - (a) increased by the total amount of income tax deductions that would be required to make the rate a gross, rather than a net, rate (as determined as at 1 January in the immediately preceding child support year, in accordance with section RD 11(3) of the Income Tax Act 2007); and
 - (b) annualised.
- (2) The amount of living allowance is as follows:

Section 35A(3): amended, on 26 November 2018, by section 459 of the Social Security Act 2018 (2018 No 32).

35B Dependent child allowance

- (1) For the purpose of calculating a parent's child support income amount under section 34 in a child support year, a parent is entitled to a dependent child allowance in respect of each of his or her dependent children.

- (2) The amount of a parent's dependent child allowance, in relation to each dependent child, is—

$$c\% \times (e \div n)$$

where—

c% is the care cost percentage of the parent in relation to the dependent child (being the percentage that would be determined under section 16 if the child were a qualifying child)

e is the amount, determined in accordance with the child expenditure table applying to that child support year, that applies to the parent in respect of the dependent child on the basis of—

- (a) the child support income amount of the parent alone, with that amount being treated as the adjusted income of the parent, minus the parent's living allowance; and
- (b) the total number of the parent's dependent children; and
- (c) the age group of those children

n is the total number of the parent's dependent children.

- (2A) However, if no child expenditure table applies because at least 1 child is aged 0 to 12 and 1 or 2 children are aged 13 or over, *e* is the amount, determined in accordance with the child expenditure table that would apply to the parent in respect of the dependent child if all of the parent's dependent children were the same age as the dependent child, on the basis of—

- (a) the child support income amount of the parent alone, with that amount being treated as the adjusted income of the parent, minus the parent's living allowance; and
- (b) the total number of the parent's dependent children.

- (2B) However, the Commissioner may make modifications to the child expenditure amount for the child that the Commissioner considers necessary or desirable if the Commissioner believes on reasonable grounds that—

- (a) there are exceptional circumstances (for example, exceptional complexity of care arrangements for the parent's dependent children); and
- (b) applying the provisions of this section without modification would result in an unjust or inequitable outcome (for example, an apportionment of costs that is disproportionate to the amount of expenditure attributable to the dependent child).

- (3) In this section, a person's **dependent child** means a child of whom the person is a parent (within the meaning in section 7) and who—

- (a) is maintained as a member of the parent's family and for whom the parent provides at least 28% of the ongoing daily care; and
- (b) is not a child in relation to whom any person is a liable parent or receiving carer, or for whom, under the law of another country, any

person is required to make payments that are of the same nature as child support; and

- (c) meets the requirements of section 5(1)(a) to (c) (which describe which children qualify for child support).

Section 35B(2)(a): amended, on 1 April 2022, by section 9(2) of the Child Support Amendment Act 2021 (2021 No 6).

Section 35B(2A): inserted, on 1 April 2022, by section 12 of the Child Support Amendment Act 2021 (2021 No 6).

Section 35B(2B): inserted, on 1 April 2022, by section 12 of the Child Support Amendment Act 2021 (2021 No 6).

36 Multi-group allowance

- (1) This section applies to a parent who has more than 1 child support group.
- (2) For the purpose of calculating a parent's child support income amount in relation to a particular child (**child C**) in a child support year, a parent to whom this section applies is entitled to a multi-group allowance in relation to child C.
- (3) The multi-group allowance in relation to child C is the sum of the multi-group costs of each child (**child D**) of the parent who is not in the same child support group as child C.
- (4) The multi-group cost of child D is—

$$e \div n$$

where—

e is the amount, determined in accordance with the child expenditure table applying to the relevant child support year, that applies to the parent in respect of child D—

- (a) on the basis of the child support income amount of that parent alone, with that amount being treated as the adjusted income of the parent, minus the parent's living allowance and the sum of any dependent child allowances to which the parent is entitled; and
- (b) as if—
 - (i) child D were one of n children; and
 - (ii) all those children were the same age as child D

n is the total number of children of the parent in all the parent's child support groups.

Section 36: replaced, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

Section 36(4)(a): amended, on 1 April 2022, by section 9(2) of the Child Support Amendment Act 2021 (2021 No 6).

Amounts payable in respect of receiving carers

Heading: inserted, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

36A Where parent is sole receiving carer

- (1) This section applies where, in respect of a qualifying child, there is only 1 receiving carer, and that carer (**person P**) is a parent of the child.
- (2) When this section applies, the amount of child support payable in respect of person P is—
 - (a) the amount of annual child support that person P would pay if the difference between person P's income percentage and care cost percentage (which, under the formula in section 30, is a negative percentage) were a positive percentage; or
 - (b) if the multi-group cap applies, the amount payable under the multi-group cap, but only if it is less than the amount payable under paragraph (a).
- (3) However, no child support is payable under subsection (2) in respect of a receiving carer of a qualifying child if the receiving carer provides less than 35% of ongoing daily care to the child.

Section 36A: inserted, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

36B Where no receiving carers are parents

- (1) This section applies if, in respect of a qualifying child, there are 1 or 2 receiving carers, and neither of them is a parent of the child.
- (2) If the liable parent is liable to pay child support in respect of just 1 non-parent receiving carer, the amount of child support payable in respect of that carer is the annual amount of child support payable by the liable parent for the child.
- (3) If the liable parent is liable to pay child support in respect of 2 non-parent receiving carers, the amount of child support payable in respect of each carer is—

$$f \times (c\% \div g\%)$$

where—

f is the annual amount of child support payable by the liable parent for the child

c% is the care cost percentage of the receiving carer in relation to the child

g% is the combined care cost percentages of both the receiving carers of the child, in relation to the child.

Section 36B: inserted, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

36C Where 1 receiving carer is parent and other is non-parent

- (1) This section applies if, in respect of a qualifying child, there are 2 receiving carers, where 1 of them is a parent of the child and the other is a non-parent carer of the child.
- (2) The amount of child support payable in respect of the receiving parent (**person P**) is—
 - (a) the amount of annual child support that person P would pay if the difference between person P's income percentage and care cost percentage (which, under the formula in section 30, is a negative percentage) were a positive percentage; or
 - (b) if the multi-group cap applies, the amount determined by multiplying—
 - (i) the amount payable in respect of the qualifying child, as determined by the liable parent's multi-group cap; by
 - (ii) the difference between person P's income percentage and care cost percentage, as if it were a positive percentage.
- (3) The amount of child support payable in respect of the non-parent receiving carer is the annual amount of child support payable by the liable parent for the child, minus the amount payable under subsection (2) to person P.
- (4) However, no child support is payable under subsection (2) in respect of a receiving carer who is a parent of a qualifying child if the parent provides less than 35% of ongoing daily care to the child.

Expenditure on children

Heading: inserted, on 1 April 2015, by section 12 of the Child Support Amendment Act 2013 (2013 No 12).

36D Child expenditure tables

- (1) Before the start of a child support year, the Commissioner must approve a child expenditure table for that child support year, based on the expenditure on children table in Schedule 3, that identifies, for the relevant child support year,—
 - (a) the amount of the average weekly earnings that applies; and
 - (b) the amount of child support income that is taken to be expended on children, with that amount corresponding to the percentages set out in the expenditure on children table within each income band in the table.
- (2) The Commissioner must ensure that the child expenditure table for the current and (if applicable) the previous child support year is available—
 - (a) on request to the Inland Revenue Department, in hard copy; and

- (b) at all reasonable times, on an Internet site maintained by or on behalf of the Inland Revenue Department.
- (3) Whenever an income amount is used in relation to the child expenditure table, the income amount must be truncated to whole dollars.

Provisions relating to income

Heading: amended, on 1 April 2022, by section 9(2) of the Child Support Amendment Act 2021 (2021 No 6).

37 Nil assessment of taxable income

[Repealed]

Section 37: repealed, on 24 October 2001, by section 260(1) of the Taxation (Taxpayer Assessment and Miscellaneous Provisions) Act 2001 (2001 No 85).

38 Application of assessments under Income Tax Act 1976 or Tax Administration Act 1994

- (1) Subject to this Part, where an assessment has been made of a person's income under an income tax Act (other than an assessment made where there has been default in furnishing returns) or the Tax Administration Act 1994 (other than an assessment made under section 106 of that Act) for any income year, then, in making a formula assessment, the person's income under the relevant one of those Acts for that income year is, for the purposes of this Act, to be taken to be that income as so assessed or as last so assessed, as the case may be, before the making of the formula assessment.
- (2) Subsection (1) has effect despite the making, after the making of the formula assessment, of an amendment under an income tax Act or the Tax Administration Act 1994 to the relevant assessment of the person's income under the relevant one of those Acts (whether or not the amendment is made because of an objection in relation to the assessment).
- (3) Subsection (2) does not apply in relation to the person in any case where—
- (a) the income of that person assessed under an income tax Act or the Tax Administration Act 1994 in any amended assessment made after the making of a formula assessment for a child support year is more than \$500 in excess of, or less than, the income of that person assessed, or last assessed, before the making of the formula assessment; and
 - (b) notice of the amended assessment is issued by the Commissioner on or before the last day in the child support year;—

and, where such an amendment is made, the person's income under the relevant Act for that income year is to be taken to be, and always to have been, the person's income for the income year as last so assessed under the relevant Act, and the Commissioner shall amend the formula assessment accordingly.

- (4) Subsection (2) does not apply in relation to the person in any case where the reason (or one of the reasons) that the amendment was made was because, in the opinion of the Commissioner, the return of income made by the person under an income tax Act or the Tax Administration Act 1994 was fraudulent or wilfully misleading or omitted all mention of income which is of a particular nature or was derived from a particular source, and, where such an amendment is made, the person's income under the relevant Act for that income year is to be taken to be, and always to have been, the person's income for the income year as last so assessed under the relevant Act.
- (5) Where—
- (a) the Commissioner, applying subsection (1), assesses the annual amount of child support payable by a person; and
 - (b) after the making of the formula assessment, an amendment is made under an income tax Act or the Tax Administration Act 1994 to the relevant assessment of the income of any parent for the last relevant income year; and
 - (c) neither subsection (3) nor subsection (4) applies in relation to the amendment,—
- then, in subsequently amending the formula assessment other than for the purpose of giving effect to the provisions of section 39(3) of this Act, the amendment made under an income tax Act or the Tax Administration Act 1994 is to be disregarded.
- (6) Where—
- (a) notice of an assessment (including an amended assessment) of a person's income under an income tax Act or the Tax Administration Act 1994 has been given under the relevant one of those Acts; and
 - (b) the notice was dated,—
- the assessment is to be taken, for the purposes of this section, to have been made on the date of the notice.
- (7) Nothing in this section is to be taken to prevent the Commissioner making a determination under Part 5A, 6A, or 6B or the court making an order under Part 7.
- (8) In this section, unless the context otherwise requires,—
- assessment made where there has been default in furnishing returns** means an assessment made if any person makes default furnishing a return, including by—
- (a) providing information in a return or an account that is not likely to be correct; or
 - (b) providing a return that the Commissioner is not otherwise satisfied with; or

- (c) not making a return where the Commissioner has reason to suppose that the person is a taxpayer

income tax Act means all or any of the Income Tax Act 1976, the Income Tax Act 1994, the Income Tax Act 2004, and the Income Tax Act 2007.

40AA Interpretation for purposes of sections 40 to 45

In sections 40 to 45, unless the context otherwise requires,—

annualised estimated taxable income means the amount that a person estimates will be their income in an election period, annualised (if the estimate does not cover a full child support year) in accordance with the following formula:

$$(a \div b) \times 365$$

where—

a is the person's estimated income for the election period

b is the number of days in the election period

election means an election, made by a person under section 40, to have the person's estimated income, instead of their income referred to in section 35(1)(a) or (b), applied for the purpose of calculating the person's adjusted income for an election period

election period, in relation to a child support year to which an election relates, means,—

(a) if notice of the election is given under section 40 before the start of the child support year, the child support year; and

(b) if notice of the election is given under section 40(1) during the child support year, the period in the child support year that starts on the first day of the month in which the notice is given and ends on the last day of the child support year; and

- (c) if notice of the election is given during or after the child support year under section 40(8), the period that—
- (i) starts on the later of the first day of that child support year and the first day of the month in which the formula assessment begins; and
 - (ii) ends on the last day of that child support year

estimated taxable income means the amount specified in a notice of election given by a person under section 40 as the amount of income that the person estimates that he or she will earn in the election period

original adjusted taxable income means the adjusted income that would have been used to assess a person's child support liability during an election period if the person had not made an election

reconciliation period has the meaning given in section 44(3D)

year-to-date income means a person's income specified in a notice of election given under section 40 for the period beginning with the start of a child support year and ending with the end of the month immediately preceding the month in which the election period starts.

41 Effect of election

- (1) If the Commissioner accepts an election made by a person, the Commissioner must determine the person's adjusted income by calculating the person's annualised estimated income.
- (2) The Commissioner must then adjust any formula assessment applying to the person during the election period and take whatever steps are necessary to ensure that the amount of child support payable per day during the election period reflects the adjusted assessment.
- (3) The making of an election does not prevent the Commissioner making a determination under Part 5A, 6A, or 6B, or the court making an order under Part 7.

Section 41(1): replaced, on 25 February 2016, by section 19 of the Taxation (Annual Rates for 2015–16, Research and Development, and Remedial Matters) Act 2016 (2016 No 1).

Section 41(1): amended, on 1 April 2022, by section 9(2) of the Child Support Amendment Act 2021 (2021 No 6).

42 Revocation of election and subsequent elections

- (1) A person who has made an election in relation to a child support year may revoke the election, before or during the child support year, by giving notice to the Commissioner; and the revocation takes effect from the start of the election period to which any election applied.
- (2) If an election is in effect but the person then makes a later election,—
 - (a) if the Commissioner accepts the later election,—

- (i) the later election takes effect from the start of the month in which the notice of election is given, and section 41 applies accordingly; and
 - (ii) the earlier election ceases to have effect on the last day of the previous month:
 - (b) if the Commissioner does not accept the later election because the amount of year-to-date income plus the new estimated income is more than 85% of the person's original adjusted income, then the earlier estimate is deemed to be revoked:
 - (c) if the Commissioner does not accept the election for any other reason, the earlier estimate remains in effect.
- (3) A revocation is of no effect to the extent that it is inconsistent with an income amount order.

Section 42: replaced, on 1 April 2015, by section 13 of the Child Support Amendment Act 2013 (2013 No 12).

Section 42(2)(b): amended, on 1 April 2022, by section 9(2) of the Child Support Amendment Act 2021 (2021 No 6).

43 Effect of revocation of election

- (1) When an election is revoked, or deemed to be revoked, the Commissioner must—
- (a) adjust any formula assessment applying to the person on the basis of the person's original adjusted income; and
 - (b) take whatever steps are necessary to ensure that the amount of child support payable per day, during the election period to which the revoked election relates, reflects that adjusted assessment.
- (2) The revocation of an election does not prevent the Commissioner making a determination under Part 5A, 6A, or 6B, or the court making an order under Part 7, or a person making a further election.

Section 43: replaced, on 1 April 2015, by section 13 of the Child Support Amendment Act 2013 (2013 No 12).

Section 43(1)(a): amended, on 1 April 2022, by section 9(2) of the Child Support Amendment Act 2021 (2021 No 6).

44 End-of-year reconciliation

- (1) For the purpose of determining whether a person has, or has been, underpaid or overpaid child support in a reconciliation period (**period A**), after the end of the child support year to which an election relates, the Commissioner must complete an assessment for the person who made the election (**person A**), treating the amount determined under subsection (2) or (3B) as person A's adjusted income.

- (1A) Subsections (2) and (3) apply if period A is the only election period, or the last election period, in the child support year.
- (2) The amount to be treated as person A's adjusted income for the purposes of the assessment is,—
- (a) if the actual income earned by person A during the year is equal to or less than the year-to-date income specified in the notice of election, nil; or
 - (b) if the actual income earned by person A during the year is more than the year-to-date income specified in the notice of election, the lesser of the following:
 - (i) person A's actual income earned in period A (which is the actual income earned in the full year less the year-to-date income specified in the notice of election), annualised in accordance with the formula in subsection (3) (which gives the **annualised actual income in the reconciliation period**):
 - (ii) person A's original adjusted income.
- (3) The formula for annualising person A's actual income in a reconciliation period is—

$$(a \div b) \times 365$$

where—

- a is the actual income earned during the reconciliation period
- b is the number of days in the reconciliation period.

- (3A) Subsections (3B) and (3C) apply if period A is a period that is not referred to in subsection (1A).
- (3B) The amount to be treated as person A's adjusted income for the purposes of the assessment is,—
- (a) if the actual income earned by person A during the year is equal to or less than the year-to-date income specified in the notice of election, nil; or
 - (b) if the actual income earned by person A during the year is more than the year-to-date income specified in the notice of election, the lesser of the following:
 - (i) person A's actual income earned in period A, annualised in accordance with the formula in subsection (3C) (which gives the **annualised actual income in the reconciliation period**):
 - (ii) person A's original adjusted income.
- (3C) The formula for annualising person A's actual income in a reconciliation period is—

$$((a - z) \div b) \times 365$$

where—

- a is the year-to-date income specified in the estimate for the period that immediately succeeds period A
- z is the year-to-date income specified in the estimate for period A
- b is the number of days in the reconciliation period.

(3D) In this section, unless the context otherwise requires,—

reconciliation period, in relation to an election, means a period that—

- (a) starts on,—
 - (i) if the notice of the election is given before the start of the child support year, the start of the child support year; or
 - (ia) if the notice of the election is given during or after the child support year under section 40(8), the later of the first day of the child support year and the first day of the month in which the formula assessment begins; or
 - (ii) otherwise, the first day of the month in which the notice is given; and
 - (b) ends with the close of—
 - (i) the last day of the month before any other immediately subsequent election period starts in relation to another election; or
 - (ii) otherwise, the last day of the child support year.
- (4) After comparing the result of the assessment done under subsection (1) with the results obtained under section 41, the Commissioner must take whatever steps are necessary to ensure that the correct amount of child support is assessed for the child support year.
- (5) A reconciliation under this section is subject to any income amount order that applies during all or any part of an election period.

 - (b) the recipient of the assessment advises the Commissioner—
 - (i) that those circumstances did not exist at that time; and
 - (ii) of the relevant living circumstances that did exist at that time; and
 - (c) section 82 does not apply.

 - (i) in relation to a liable parent, where the change has the effect of increasing the amount of the parent's child support liability:
 - (ii) in relation to a receiving carer, where the change has the effect of decreasing the amount of child support payable in respect of that carer:
 - (iii) where notice of the change is received by the Commissioner within 28 days after the date on which the change occurred; or
 - (b) on the date on which the Commissioner receives notice of the change, in either of the following cases (unless paragraph (a)(iii) applies):
 - (i) in relation to a liable parent, where the change has the effect of decreasing the amount of the parent's child support liability:
 - (ii) in relation to a receiving carer, where the change has the effect of increasing the amount of child support payable in respect of that carer.
- (3) Every notification of a change must be accompanied by such documentation as the Commissioner requires.
- (4) The Commissioner may disregard subsection (2), and may determine the date on which a particular change in living circumstances is to be treated as having occurred, in any case where 2 or more people give notice under this section relating to the same change, and the application of subsection (2) would result

in the same change having to be treated as having occurred on different days in relation to different people.

83 Evidence relating to assessments

- (2) The production of a document signed by the Commissioner or an officer of the Department that appears to be a copy of, or an extract from, any notice of assessment is evidence of the matters in the document to the same extent as the original would be if it were produced.

85 Assumptions as to future events

In assessing the annual rate at which child support or domestic maintenance is payable in relation to a day in the future, the Commissioner may act on the assumption that the state of affairs known to the Commissioner at the time the assessment is made will remain unchanged on that day.

 - (b) that an event or change of circumstances has occurred that alters the respective liability or entitlement of any parent or carer of the qualifying child,—

the Commissioner shall, as soon as practicable, take such action as is necessary to take account of the event or change in circumstances (whether by amending any assessment or otherwise).

- (2) Where domestic maintenance is payable by a liable spouse or partner under a voluntary agreement or an order of the court and either—
- (a) payment is to cease, or the rate of payment is to reduce, on a particular day in accordance with that agreement or order; or

- (3) Nothing in subsection (1) or subsection (2) is to be taken to prevent the Commissioner from taking such action as the Commissioner considers appropriate to take account of the likely occurrence of an event or change of circumstances of which the Commissioner is notified or otherwise becomes aware (whether by amending any assessment or otherwise).

Restrictions on application of exemptions

Heading: inserted, on 26 September 2006, by section 17(1) of the Child Support Amendment Act 2006 (2006 No 42).

89F Exemption does not apply at any time during child support year if income criteria not met at any time during relevant period

- (1) An exemption under this subpart does not apply at any time during the whole of a child support year if,—
- (a) at any time during the relevant period,—
- (i) in the case of an exemption under section 89C, the person receives any income (subject to section 89C(1A)) other than from investments or a social security benefit payable at the rate specified in Part 12 of Schedule 4 of the Social Security Act 2018 or an equivalent benefit in an overseas jurisdiction as payable to long-term hospital patients; or
 - (ia) in the case of an exemption under section 89CA, the person receives any income (subject to section 89CA(2)) other than from investments; or
 - (ii) in the case of an exemption under section 89D or 89E, the person receives any income (subject to section 89D(1A)) other than from investments or from employment under section 66 of the Corrections Act 2004 or equivalent employment in an overseas jurisdiction; or

- (i) exceeds, if the relevant period is less than a full child support year in duration, an average amount per week in the relevant period that is equal to the relevant minimum annual rate of financial support, divided by 52; or
 - (ii) exceeds, if the relevant period is a full child support year in duration, the relevant minimum annual rate of financial support.
- (2) However, in the case of an exemption under section 89C, if a liable person is receiving a higher rate benefit at the start of that person's hospitalisation, that benefit does not prevent the exemption from applying after the person stops

receiving that benefit for the whole or a part of the rest of the child support year in which that person became a hospital patient.

(2A) Also, in the case of an exemption under section 89CA, if a liable person is receiving a benefit at the start of that person's period of illness, that benefit does not prevent the exemption from applying after the person stops receiving that benefit for the whole, or a part of, the rest of the child support year in which that exemption applies.

(3) For the purposes of this section,—

higher rate benefit means a social security benefit payable at a rate higher than the rate specified in Part 12 of Schedule 4 of the Social Security Act 2018 as payable to long-term hospital patients

relevant period, in relation to a child support year,—

- (a) in the case of an exemption under section 89C, means the period of hospitalisation that is in the child support year and during which the person would, but for an exemption under this subpart, be liable to pay financial support; and
- (aa) in the case of an exemption under section 89CA, means the period of illness that is in the child support year and during which the person would, but for an exemption under this subpart, be liable to pay financial support; and
- (b) in the case of an exemption under section 89D, means the period of imprisonment that is in the child support year and during which the person would, but for an exemption under this subpart, be liable to pay financial support; and
- (c) in the case of an exemption under section 89E, means the period before the person turns 16 that is in the child support year and during which the person would, but for an exemption under this subpart, be liable to pay child support.

 - (ii) the Commissioner has refused to make a determination under Part 6A in relation to the matter; or
 - (iia) the Commissioner has refused to make a determination under Part 6B in relation to the matter after having commenced proceedings under that Part; or

 - (iv) the application relates, wholly or in part, to child support payable in the child support year ending on 31 March 1994 or any earlier child support year.
- (3) Subject to section 125, the parties to the application are the liable parent and the receiving carer.

 - (b) the obligation to pay child support; or
 - (c) the right of the Commissioner to receive and recover any child support.

105 Matters as to which court must be satisfied before making order

- (1) Where an application is made to the Family Court under section 104 for an order in relation to a child and the court is satisfied that—
 - (a) 1 or more of the grounds for departure mentioned in subsection (2) exists or exist; and
 - (b) it would be—
 - (i) just and equitable as regards the child, the receiving carer, and the liable parent; and
 - (ii) otherwise proper,—to make a particular order of the type specified in section 106,—the court may make the order.
- (2) For the purposes of subsection (1)(a), the grounds for departure are as follows:
 - (a) that, by virtue of special circumstances, the capacity of either parent to provide financial support for the child is significantly reduced because of—
 - (i) the duty of the parent to maintain any other child or another person; or
 - (ii) special needs of any other child or another person that the parent has a duty to maintain; or
 - (iii) commitments of the parent necessary to enable the parent to support—
 - (A) himself or herself; or

- (B) any other child or another person whom the parent has a duty to maintain; or
- (b) that, in the special circumstances of the case, the costs of maintaining the child are significantly affected because—
- (i) of high costs incurred by a parent or a receiving carer in enabling a parent or receiving carer to have contact with the child; or
 - (ii) of special needs of the child; or
 - (iii) the child is being cared for, educated, or trained in the manner that was expected by either of his or her parents; or
- (c) that, by virtue of special circumstances, application in relation to the child of the provisions of this Act relating to formula assessment of child support would result in an unjust and inequitable determination of the level of financial support to be provided by the liable parent for the child because of—
- (i) the income, earning capacity, property, and financial resources of either parent or the child; or
 - (ii) any payments, and any transfer or settlement of property, previously made (whether under this Act, the Property (Relationships) Act 1976 or otherwise) by the liable parent or a receiving carer to the child, to a liable parent or a receiving carer, or to any other person for the benefit of the child; or
 - (iii) an entitlement of the liable parent or receiving carer to the continued occupancy of a property in which the liable parent or receiving carer has a financial interest; or.

Re-establishment costs situation if income increases

- (d) that the application in relation to the child of the provisions of this Act relating to formula assessment of child support would result in an unjust and inequitable determination of the level of child support to be provided by the liable parent for the child in respect of a child support year because—
- (i) the adjusted income of a parent of the child for the child support year includes income from relevant additional work (*see* subsections (3A) to (3C)); and
 - (ii) some or all of the income from relevant additional work has been used, or will be used, by the parent to meet, wholly or partly, actual and reasonable costs incurred to re-establish himself or herself, and any child or other person that he or she has a duty to maintain, after the child's parents ceased to live together in a marriage, civil union, or de facto relationship.
- (e) *[Repealed]*

- (3) For the purposes of subsection (2)(b)(i), costs incurred in enabling a parent or receiving carer to have contact with the child are not to be taken to be high unless the total of those costs during a child support year is more than 5% of the adjusted income for the year of the person incurring the costs.
- (3A) In subsection (2)(d), **relevant additional work** means work done by the parent during the relevant 3-year period that, in quantity or nature or both, is additional to work that he or she did before the child's parents ceased to live together in a marriage, civil union, or de facto relationship.
- (3B) In subsection (3A), **the relevant 3-year period** means the 3-year period starting on the date on which the child's parents ceased to live together in a marriage, civil union, or de facto relationship.
- (3C) For the purpose of calculating that 3-year period, the court may exclude a period or periods of resumed cohabitation with, or each with, the sole or main motive of reconciliation if that period does not exceed, or those periods in aggregate do not exceed, 3 months.
- (3D) The ground in subsection (2)(d) applies only in relation to child support in respect of the child support year starting on 1 April 2016 or a later child support year.
- (4) In determining whether it would be just and equitable as regards the child, a receiving carer, and the liable parent to make a particular order of the type specified in section 106, the court shall have regard to—
- (a) the objects of this Act, and, in particular, the nature of the duty of a parent to maintain a child and the fact that it is the parents of a child themselves who have the primary duty to maintain the child; and
 - (b) the proper needs of the child, having regard to—
 - (i) the manner in which the child is being, and in which the parents expect the child to be, cared for, educated, or trained; and
 - (ii) any special needs of the child; and
 - (c) the income, earning capacity, property, and financial resources of the child; and
 - (d) the income, earning capacity, property, and financial resources of each parent who is a party to the proceeding; and
 - (e) the commitments of each parent who is a party to the proceeding that are necessary to enable the parent to support—
 - (i) himself or herself; or
 - (ii) any other child or another person that the parent has a duty to maintain; and
 - (f) the direct and indirect costs incurred by the receiving carer in providing care for the child, including the income and earning capacity foregone by the receiving carer in providing that care; and

- (g) any hardship that would be caused to—
 - (i) the child or the receiving carer by the making of, or the refusal to make, the order; or
 - (ii) the liable parent, or any other child or another person that the liable parent has a duty to support, by the making of, or the refusal to make, the order.
- (5) In having regard to the income, earning capacity, property, and financial resources of the child or a parent of the child, the court must—
 - (a) have regard to the capacity of the child or parent to earn or derive income, including having regard to any assets of, under the control of, or held for the benefit of, the child or parent that do not produce, but are capable of producing, income; and
 - (b) disregard the income, earning capacity, property, and financial resources of any person who does not have a duty to maintain the child, or who has such a duty but is not a party to the proceeding, unless, in the special circumstances of the case, the court considers that it is appropriate to have regard to them.
- (6) The court may have regard to other matters beyond those specified in subsections (4) and (5).
- (7) The jurisdiction of the Family Court under this section may be exercised by a Family Court Judge or Family Court Associate, and for the purposes of this section a Family Court Associate has the same powers as a Family Court Judge.

 - (b) in subsequently making a formula assessment in relation to the child, the receiving carer, and the liable parent concerned while the order is in force, act on the basis of the provisions of this Act as modified to reflect the tenor of the order and the change in circumstances that has occurred since the order was made.
- (4) Without limiting subsections (1) to (3), the Commissioner may, in taking action under any of those subsections, apply some or all of the provisions of this Act relating to the amount of child support payable in relation to a receiving carer under a formula assessment (for example, sections 36A to 36C) with the modifications the Commissioner considers necessary to achieve fully the intention of the court's order.

110 Relationship between lump sum orders and assessed child support

- (1) Where—
 - (a) a liable parent is liable to provide child support to a receiving carer in respect of a child under a lump sum order made under section 109; and
 - (b) the liable parent is also liable to pay child support to that receiving carer in respect of that child under a formula assessment,—

the court shall provide that the liable parent’s liability to provide child support under the lump sum order shall be credited against his or her liability to pay child support under the formula assessment for any period to which the lump sum order relates unless the court is satisfied that, in the special circumstances of the case, it would be—
 - (c) just and equitable as regards the child, the liable parent, and the receiving carer; and
 - (d) otherwise proper,—

that the child support should not be so credited.
- (2) The court shall state in the lump sum order whether or not any such credit has been given.
- (3) If the court states in the order that the child support is to be credited against the liable parent’s liability under any relevant formula assessment, the court must also state in the order either—
 - (a) that the child support has an annual value of a specified amount and that the annual rate of the child support payable under any relevant formula assessment is to be reduced by that amount (but not in a child support year below the minimum annual rate for that year under section 72(1)(a)); or
 - (b) that the child support is to count for a specified percentage of the annual rate of child support payable under any relevant formula assessment.
- (4) The court may, under subsections (1) and (3), make different provision in relation to different child support years and in relation to different parts of a child support year.
- (5) In making a determination under subsection (1)(d), the court must have regard to the matters mentioned in section 105(4) and (5).
- (6) The court may have regard to other matters beyond those specified in subsection (5).

- (7) Subject to section 98(2), an order made under this section shall not operate so as to increase or reduce the amount of child support payable in relation to any child to whom the order does not apply, and the child support payable in relation to any such other child shall be calculated as if the order had not been made.

111 Effect of lump sum orders on formula assessment of child support

- (1) If the Family Court makes an order under section 109 that includes a statement that the child support ordered to be provided by the liable parent is to be credited against the liable parent's liability under any relevant formula assessment, when the decision of the court making the order becomes final, the Commissioner shall, as soon as practicable, take such action as is necessary to give effect to the order in relation to any relevant formula assessment that has been made (whether by amending the assessment or otherwise).
- (2) In subsequently making a relevant formula assessment, the Commissioner shall—
- calculate what would, apart from the application of the order, be the annual rate of child support payable by the liable parent to the receiving carer entitled to child support; and
 - reduce that annual rate by the amount or percentage specified in the statement included in the order under section 110(3); and
 - make the assessment on the basis of that reduced annual rate.

Discharge, suspension, revival, and variation of orders

112 Discharge, suspension, revival, and variation of orders

- (1) A receiving carer or a liable parent or the Commissioner may apply to the Family Court for an order to discharge, suspend, revive, or vary any order made by the Family Court under section 103D or section 106 or section 109.

- (2) If an order under section 103D or section 106 or section 109 is in force in relation to a child (whether or not all things ordered to be done by the order have been done), the Family Court may, on receipt of an application made under subsection (1) or where it is satisfied that it ought to do so, by order—
- (a) discharge the order; or
 - (b) suspend its operation wholly or in part and either until a further order or until a fixed time or the happening of a future event; or
 - (c) if the operation of the order has been suspended under paragraph (b), revive its operation wholly or in part; or
 - (d) subject to subsection (3), vary the order (including any statement included in the order under section 110) in any way, but not—
 - (i) in a way that is inconsistent with the provisions of the section under which the order was made; or
 - (ii) so as to reduce the liability of any person to pay child support in a child support year below the equivalent of an annual rate that is equal to the minimum annual rate for that year under section 72(1)(a).
- (3) The court shall not discharge, suspend, revive, or vary an order under subsection (1) unless the court is satisfied, having regard in particular to any statement included in the order under section 110, that it would be—
- (a) just and equitable as regards the child, the receiving carer, and the liable parent concerned; and
 - (b) otherwise proper,—
- to make the order.
- (4) The court shall not, by any order under this section, vary an order unless it is also satisfied—
- (a) that making the variation is justified because of a change in the circumstances of the child, the receiving carer, or a liable parent concerned since the order was made or last varied; or
 - (b) that making the variation is justified because of a change in the all groups index number of the Consumers Price Index since the order was made or last varied; or
 - (c) in a case where the order was made by consent, that the order is not proper or adequate; or
 - (d) that material facts were withheld from the court that made the order or from a court that varied the order, or that material evidence previously given before such a court was false.
- (5) If the court proposes to vary the order otherwise than by varying any statement included in the order under section 110, the court must consider whether,

having regard to the proposed variation, it should also order the variation of any such statement.

- (6) In determining whether to make an order under this section, the court must have regard to the matters mentioned in section 105(4) and (5).
- (7) The court may have regard to other matters beyond those specified in subsection (6).
- (8) The court must not, in considering the variation of an order, have regard to a change in the all groups index number of the Consumers Price Index unless at least 12 months have elapsed since the order was made, or was last varied having regard to such a change.
- (9) In satisfying itself for the purposes of subsection (4)(c), the court must have regard to any payments, and any transfer or settlement of property, previously made by the liable parent to the child, to the receiving carer, or to any other person for the benefit of the child.
- (10) The discharge of an order does not affect the recovery of arrears due under the order, or under this Act, when the discharge takes effect.

- (1) Where a liable person is in receipt of source deduction payments from 2 or more employers, the Commissioner may—
 - (a) treat any one of the employers as the only employer for the purposes of this Part; or

- (b) apply this Part in relation to any 2 or more of the employers with such modifications as the Commissioner considers appropriate, being modifications made for the purpose of ensuring that the amounts collected under this Part in relation to the liability are, in the aggregate, the same as those that would be collected in relation to the liability if the liable person had only 1 employer.
- (2) Without limiting the generality of subsection (1)(b), where a liable person has more than 1 employer, the Commissioner may, under that subsection and on the request of the liable person, disregard, and instruct an employer of the liable person, or a PAYE intermediary for the employer, to disregard, the provisions of section 165(1) provided that the total deductions made under deduction notices by all employers of the liable person and all PAYE intermediaries must not reduce the person's total net earnings in respect of a pay period to an amount that is less than 60% of the residue that remains after deducting from the source deduction payments the amount of any tax withheld under the PAYE rules of the Income Tax Act 2007.

167 Deductions to be held on trust

- (1) For the purposes of this section, **financial support deduction** means a periodic deduction made by a payer in terms of section 159; but does not include any penalty imposed under this Act.
- (2) The amount of every financial support deduction made by any payer under this Part shall be held in trust for the Crown, and any amount so held in trust shall not be property of the payer liable to execution.

168 Payer failing to make financial support deductions

- (1) Where a payer fails to make a deduction in accordance with the payer's obligations under this Part, the amount in respect of which default has been made shall constitute a debt payable by the payer to the Commissioner, and shall be deemed to have become due and payable to the Commissioner on the 20th day

of the month following the month in which that deduction was required to be made in accordance with those obligations.

- (2) Nothing in this section shall apply to a failure by a bank to make a deduction from a bank account.
- (3) The right of the Commissioner to recover from the payer the amount in respect of which default has been made shall be in addition to any right of the Commissioner to recover that amount from the liable person under this Act; and nothing in this Part shall be construed as preventing the Commissioner from taking such steps as the Commissioner thinks fit to recover that amount from the payer and from the liable person concurrently, or from recovering that amount wholly from the payer or wholly from the liable person or partly from the payer and partly from the liable person.
- (4) Where any amount required to be deducted in accordance with this Part from any money payable to a liable person is instead paid to the Commissioner by the payer of the amount payable, the amount so paid to the Commissioner may be recovered by the payer from the liable person.

169 Unpaid financial support to constitute charge on payer's property

- (1) Where a payer fails wholly or in part to make any deduction in accordance with that payer's obligations under this Part, or is liable to pay any sum to the Commissioner under this Part or the Tax Administration Act 1994, an amount equal to the total for the time being unpaid to the Commissioner in respect of that deduction or that sum (including any interest or penalty), and in respect of any judgment obtained therefor (including any costs, fees, or expenses included in the judgment or otherwise payable by the payer to the Commissioner in respect thereof) shall be a charge on all the real and personal property of the payer.
- (2) Nothing in this section shall apply to a failure by a bank to make a deduction from a bank account.
- (3) Every charge created by this section shall be subject to any mortgage, charge, or encumbrance that exists at the time of the creation of the charge and that either—
 - (a) has been registered under any registration Act to which the property is subject; or
 - (b) that is valid and effectual under the Personal Property Securities Act 1999 without registration thereof,—

but, subject to this section, shall have priority over all other mortgages, charges, or encumbrances. Notwithstanding anything in any other Act, if any property subject to the charge created by this section is also subject to a charge created by that other Act, the charges shall rank equally with each other unless

- by virtue of that Act the charge created thereby would be deferred to the charge created by this section.
- (4) Despite section 23(b) of the Personal Property Securities Act 1999, if a charge affects property against which charges may be registered under a registration Act, the Commissioner may register the charge under the registration Act.
 - (4B) The Commissioner is not required to pay a fee for the registration of a charge under a registration Act in reliance on this section.
 - (5) For the purpose of this section, **registration Act**, in relation to any property, includes—
 - (a) subpart 5 of Part 3 of the Land Transfer Act 2017 in every case where the property is land or an interest in land (including a mortgage):
 - (b) the Personal Property Securities Act 1999.
 - (6) Particulars recorded under subsection (4) are to operate and take priority according to the provisions of the applicable registration Act.
 - (6B) If the registration under this section of a charge over property occurs after the registration of a mortgage over the same property and before an advance of money secured by the mortgage, the charge has priority over the mortgage in respect of that money.
 - (7) On the satisfaction of a charge that is registered under a registration Act in reliance on this section, the Commissioner must release the charge in the manner required by the registration Act, with such modifications as may be necessary.
 - (7B) The Commissioner is not required to pay a fee for the release of a charge that is registered under a registration Act in reliance on this section.
 - (8) Any charge created by this section which is registered against any property shall operate to secure any amount secured by any prior unregistered charge and unpaid at the time of registration of the charge, and also to secure any amount secured by any charge coming into existence after the registration of the charge, so that the registered charge shall operate to secure the total of all amounts for the time being owing by the payer under all charges created by this section.
 - (9) If any amount constitutes by virtue of this section a charge on any property, the Family Court or the District Court may make such order as it thinks fit, either for the sale of that property or of any part thereof, or for the appointment of a receiver of the rents, profits, or income thereof, and for the payment of the amount of the charge and the costs of the Commissioner out of the proceeds of the sale or out of the rents, profits, or income.
 - (10) Where any property has been sold under any such order, the Family Court or, as the case may be, the District Court may, on the application of the purchaser or the Commissioner, make an order vesting the property in the purchaser.

(11) Every such vesting order shall have the same effect as if all persons entitled to the property had been free from all disability and had duly executed all proper conveyances, transfers, and assignments of the property for such estate or interest as is specified in the order; and in the case of land which is subject to the Land Transfer Act 2017 the purchaser's title thereto shall be registered accordingly.

(12) This section shall apply subject to section 167.

- (3) Where an employer is convicted of an offence against subsection (1) constituted by an act done in relation to a person, the court may—
- (a) order the payment of compensation to the person for loss or damage suffered as a result of the act; and

- (1) A payee who is a non-parent receiving carer of a qualifying child (other than a payee who is in receipt of an unsupported child's benefit for that child) may, by notice to the Commissioner, waive their right to receive the child support payments yet to be paid by a liable parent.
- (2) The notice takes effect as a waiver on the date specified in the notice; but if no date is specified, it takes effect on the date on which the notice is received by the Commissioner.

- (1) The Commissioner may write off some or all of the benefit component of an amount of child support that is payable by the liable person to the Crown under this Act, and that is unpaid and in arrear, if—
 - (a) the amount of child support was payable in respect of a period during which the receiving carer was a UCB beneficiary); and

- (2) Despite section 219 or 230 of the District Court Act 2016 or section 156 of the Senior Courts Act 2016, no court fee is payable by a person who seeks to enforce, on behalf of the Crown, an order referred to in subsection (1), but the fee that would otherwise be payable—

This table sets out percentages of child support income amounts that are expended on children. Where child support income extends over several AWE bands, expenditure therefore accumulates down the columns.

* Average weekly earnings (for all industries, males and females combined), published by Statistics New Zealand (or if that index ceases to be published, any measure certified by the Government Statistician as being equivalent to that index) for the June quarter in the immediately preceding child support year. The weekly earnings are annualised.

† For child support income amounts that exceed 2.5 times AWE, the marginal expenditure on children does not increase. The relevant amounts to be inserted in a child expenditure table in this row are therefore the maximum amounts from the row immediately above it.
