 - (b) for an electing supplier who does not meet the requirements of paragraph (a), the Commissioner considers that agreeing with the election will not result in a risk to the integrity of the tax system, taking into account—

- laws and the taxation laws of countries and territories outside New Zealand; and
- (ii) the total value of items of goods, each having an estimated customs value greater than the entry value threshold, that the electing supplier sells in a period and are delivered at places in New Zealand; and

- (5) The Commissioner may cancel an election from a date after which the election would otherwise be effective—
- (a) by notifying the electing supplier of the date on which the election ends, if the electing supplier requests the cancellation:
 - (b) if paragraph (a) does not apply, by—
 - (i) notifying the electing supplier of the date of the proposed cancellation and the reasons for the proposed cancellation; and
 - (ii) considering any arguments against the proposed cancellation that are provided by the electing supplier within 30 days from the date of notification, or within a shorter or longer period if the Commissioner considers that the period is appropriate in the circumstances; and
